In the Matter of:

SOUTH CENTRAL BELL TELEPHONE COMPANY'S)	
PROPOSED VINTAGE ESSX AND DIGITAL ESSX)	CASE NO. 91-164
TARIFF)	

O R D E R

On June 24, 1991, South Central Bell Telephone Company ("South Central Bell") filed a motion to deviate from the provisions of 807 KAR 5:001, Section 10(1)(a) and (c). The 807 KAR 5:001, Section 10(1)(a), requires a financial exhibit detailing various items of information to be filed with applications for authority to adjust rates. The 807 KAR 5:001, Section 10(1)(c), requires a description of the applicant's property. As grounds for its motion, South Central Bell states that the tariff filing involved in this case is not in the manner of a general rate case, the earnings of the company are subject to Commission review in Case No. 90-256,¹ and the impact of the tariff filing on earnings can be determined from rate comparisons included with the application.

The Commission, having considered the motion and having been sufficiently advised, finds that the motion should be granted.

¹ Case No. 90-256, Review of the Rates and Charges and Incentive Regulation Plan of South Central Bell Telephone Company.

IT IS THEREFORE ORDERED that South Central Bell's motion to deviate from the provisions of 807 KAR 5:001, Section 10(1)(a) and (c), be and it hereby is granted.

Done at Frankfort, Kentucky, this 1st day of August, 1991.
